ABOUT MAVERICK

The Falcon 80 is not just a display showroom for an array of accessories, systems, and electronics—it's living proof that a nearly 30-year-old yacht can be outfitted with the most cutting-edge technology available today. The result is a standard of life on board that rivals even the latest generation of vessels. The final result of the massive refitting is a fully renewed, technologically sophisticated yacht, with no negative impact on its waterline or performance. At the heart of the transformation is Quick's latest stabilization system—a comprehensive solution that integrates a gyroscope and stabilizing fins. Designed primarily to counteract roll, the system also mitigates pitch. And as anyone with experience at sea knows, being able to test such a system is incredibly valuable. No two...
