ABOUT THYELLA II

The Bavaria 32 was ahead of its time; one of the first modern European performance cruisers to reach mass market appeal. This design is very attractive, has beautiful lines, and is a joy on the helm. Her deck layout is intuitive and easy to use. Good headroom and well-sized berths will comfortably accommodate two couples or a small family, and there is plenty of stowage for coastal cruising. Cabinets and bulkheads are sheathed in attractive varnished mahogany veneers, and the systems are well suited to the boat's intended purpose. Thyella II has been well maintained, is mechanically sound, and is a beautiful example of this innovative design.
