## ABOUT INCOGNITO

The Mangusta 130 is a 39.6 m (approx. 130 ft) open performance superyacht built in Italy by Overmarine Group, representing one of the most iconic and fastest luxury yachts of its era. The shallow draft is one of the Mangusta 130's biggest selling points, allowing access to the Mediterranean, Bahamas, Exumas, sandbars, and shallow anchorages that many traditional 40 m yachts cannot reach. It was considered one of the fastest production superyachts in the world at the time of launch and still extremely competitive. This yacht was built in a limited series and is still in high demand today.
