ABOUT 2024 MOON 65

Built in Poland, about .5 miles from the Sunreef plant, the Moon 65 makes the perfect charter boat. It has the best ROI in the business due to her lower price point vs Sunreef and the larger FP and Lagoons. Each moon is custom-built to order and to your specification's. Everything is manufactured at the yard, even the stainless steel. Nothing is outsourced. At around 3.6M, for a charter boat that rents out 20 plus weeks per year the yacht blows away the competition in the game. The Yacht Vacation Company runs these boats as a 3 crew yacht configured for 10 guests and 3 crews.
