ABOUT TEAM JAIG

Solaris Power 60 Coupé; in 3-cabin configuration with crew cabin, combining elegant Italian styling with strong offshore capability. Built on a deep-V hull with high flared bow, the model is designed for excellent seaworthiness, good stability underway and at anchor, and efficient operation in both displacement and planing modes. Solaris also highlights the hull and propulsion package as being developed in synergy with Volvo Penta for quiet, low-vibration cruising. The main deck offers a spacious and highly adaptable saloon/dinette area with opening sunroof, opening side windows and aft door, creating an open, airy feel throughout. A side access door by the helm improves visibility and communication when manoeuvring in port, while the functional L-shaped galley is positioned...
