ABOUT TOY 51 FLY

Toy Marine has developed the Toy 51 in the Fly version with a second wheelhouse on the fly bridge, extremely comfortable in maneuvering and moving along the coast, which integrates perfectly into the classic and elegant line of the boat. The convenient access ladder leads to the upper wheelhouse in a central position with a large seat. The comfortable helm station guarantees an excellent view and allows you to steer in complete safety. The Fly bridge can also be used as an additional relaxation area separated from the other environments. As in the case of the traditional Toy 51, different layouts and customizations of the spaces are also possible for the fly version to best meet the needs of each owner. The Toy 51 Fly is also equipped with two 600-hp VOLVO with the IPS propulsion system...
