ABOUT 2026 X-YACHTS XC 47

The ideal bluewater cruiser? The Xc 47 marks the beginning of a completely new generation of XCruising. The concept is built on years of experience and a desire to accommodate the growing number of sailors looking for a true bluewater cruiser. 'In short, Xc 47 is an elegant bluewater cruiser, built for safe and comfortable sailing on the oceans. Immense focus has been placed on the design to make shorthanded sailing safe and easy', says Thomas Mielec, director of design & engineering at X-Yachts. 'Many of our customers share a dream of heading off on a long cruise, often around the world. With this yacht, they will be ready and able to achieve this whenever the opportunity arises.'
