ABOUT BC80

The Bering Catamaran BC80 redefines the boundaries of catamaran design. This magnificent vessel, the largest in its class at 24 meters (78’7″), offers a staggering amount of volume typically found on a 120-foot superyacht. Crafted from high-strength aluminum, the BC80 boasts exceptional strength, efficiency, and a level of luxurious comfort unmatched by any other catamaran in its size range. The Bering BC80 is a true explorer’s dream. With standard 800 horsepower engines, it effortlessly reaches speeds of up to 15 knots. Optional engine configurations provide additional speed options for those seeking even more performance. Yet, the BC80 truly shines in its exceptional fuel efficiency. At a cruising speed of 8 knots, the BC80 boasts a transatlantic range, allowing you to embark on…
