ABOUT BERING 88

Bering 88 is an improved and modernised model of the B80. She has a displacement of 225 tons — nearly the maximum possible for her size. As a result, this vessel will be rock-stable in any conditions you may encounter and very smooth underway. This yacht is by far the most long-range traveler of her class. The fuel tanks bear a tremendous amount: 39.75 tons. Powered by the double 450 HP Cummins QSM 11 set, the vessel can cruise at 8.5 knots for a great 5,000 miles. The maximum speed is 10.5 knots.
