ABOUT GRAND VOYAGER 40

The GRAND VOYAGER is a full custom global explorer with interior & exterior design by Milan based Hot Lab. She features a full displacement steel hull, aluminum superstructure giving her a large volume 399 gross tons & impressive range of 4,000nm at 10 knots. 5 or 6 cabin layouts available. Hull currently inbuild. Built to commercial class & MCA compliant this is a true pedigree build that can be delivered in a very attractive 26 months time. Being a full custom the GRAND VOYAGER is available with multiple different layouts as showcased in the general arrangments in the brochure. Clients have the opportunity to feature a full beam master cabin located forward on the main deck or chose the optional private owners deck on the upper level instead of the sky lounge (or both for a 6 cabin…
