LENGTH OVERALL 160'	BUILDER RMK Marine
DELIVERY 2028	TYPE Motor Yacht
PRICE $26,500,000	REFERENCE Yachting Books

ABOUT PROJECT PETRA

PROJECT PETRA is a modern day global explorer designed by Milan based design studio Hot Lab to be built at well respected Turkish shipyard RMK. Key features include a full displacement steel hull, aluminum superstructure, and long cruising range. This is a fully engineered project where construction can begin immediately with a 24 month delivery period. The core design and layout of the vessel focuses on strong profiles lines that feature a prominent bow meant for blue water cruising, an expansive aft deck that can be configured in a number of different ways with pool – helicopter operations – tender/toy storage, a 6 guest cabin layout, proper crew accommodations & technical spaces focusing on efficiency and redundancy one would expect in a global cruiser. PROJECT PETRA is offered in…
