Price:	\$1,075,000 USD	Crew Berths:	2
Tax Status:	No Duty Paid	Captain Cabin:	Yes
		Classifications:	
		MCA:	ISM:

Comments

The current owner of HAPPY purchased her in January 2020 and immediately relocated her to Lauderdale Marine Center where she was hauled out. The hull bottom was hard sanded and two coats of ablative antifouling paint was then applied.

Arneson drives were media blasted back to bare aluminum. Belzona ceramic filler was applied to all corroded areas and the entire drives refinished. The drives were then coated with a new antifouling paint application & new zincs installed.

the hydraulic rams were removed, stripped, new seals installed. The rams were then media blasted and reinstalled with antifouling applied.

A full 21 page report of the work is available and features before & after pictures.

We also upgraded the yacht's transformer and installed a proper boost transformer replacing the gauge of wiring to accept full 220V 100amp service so her shore-power intake has also been corrected.

We have gone over her from bow to stern to address any issues onboard to assure she is running properly.

Owner is now looking to upgrade so a good opportunity for a buyer to purchase the cleanest Mangusta 80 on the market. Truly in excellent condition with too many upgrades over the past 5 years to list.

Walk Through

Three cabin layout featuring a large master ensuite located forward on the lower deck. The two additional guest cabins are located back aft of the salon and include a queen cabin & twin cabin both ensuite. This separation assures complete privacy from the owner and their guests.

Stepping down to the interior from the open upper deck you enter the main salon which is rather expansive with excellent headroom of 7+ feet. Small galley is located to starboard and multiple lounge areas surround it complimented by large port holes to both port & starboard. Two cocktail tables combine into a large formal dining area with leafs that are stored away when not in use.

The upper deck is fully enclosed and air conditioned with a brand new canvas bimini, all new varnish and cushions. You have surround sound that is being upgraded and a full bar area with multiple refrigerators and ice maker.

Heading back aft through the removable strata-glass partitions you have an equally impressive and equally large exterior entertaining space. This gives you direct access to the swim platform and garage area with stairs to both port & starboard.

A Williams jet tender is stored in the garage and jet ski on the transom.

Forward on the bow you have a large sunpad with clam-shell awning that tucks away when not in use. The forepeak has crew accommodations for 2.

HAPPY is exactly that, a great yacht that can be enjoyed by guests of all ages. True to her name she truly brings a smile to all those onboard.

Specifications

Helm

- 3x Furuno Navnet chartplotter GPS w/ 3x TZ Touch Screens
- 2x MTU – Electronic Read Out
- Simrad Autopilot
- FLIR System

- Mangusta – Touch screen operating system
